

Fair Trade Coffee and Tea

Equal Exchange Fair Trade Beverages and the Lutheran World Relief Chocolate Project

Equal Exchange Fair Trade coffees, teas and cocoa continue to be available for sale at King of Kings on the second Sunday of each month. We will also be serving Fair Trade coffees on that day. Your response has been very positive. By using fairly traded products, you can help support small-scale farmers, enabling them to farm sustainably, preserving wildlife habitats and protecting the environment.

We will soon be adding 1.5 oz. and 3.5 oz. chocolate bars to our inventory. By choosing fair trade chocolate for gifts or to enjoy personally, Lutherans ensure that cocoa farmers earn the income they need to feed their families, educate their children, seek medical care and improve their communities. At least 10 million people in Africa earn their income from cocoa. Fair trade ensures that no exploitative child labor was involved in the harvest of the cocoa crop.

Fair trade is more than just business. It proves that greater justice in world trade is possible. It highlights the need for change in the rules of conventional trade and shows how a successful business can put people first.
